Coaching Greatness Overview

Great Performance Doesn't Happen By Accident— Coaches Make It Happen

Great coaches know how to create healthy relationships and productive cultures that lead to strong results. *Coaching Greatness* helps sports organizations cultivate leadership potential to meet ambitious goals.

Growing and maintaining a championship culture requires focus on the two areas with the highest payoff: talent and leadership development. Accelerating growth in athletes begins with coaches.

In *Coaching Greatness,* coaches learn how to intentionally and consistently define expected behaviors and create a culture that reflects the values of the athletic program while meeting ambitious goals.

The *Flippen Profile™* provides the basis of an action plan for continued personal and professional development. In advance of the two-day event, each team member will complete their profile to identify the behaviors that are inhibiting their performance and that of their team.

MOST SCHOOLS PREFER A PRIVATE BOOKING.
