

TEAM MEMBER PORTRAIT

CHANDRA CRAWFORD

Leadership Development Strategist

BIOGRAPHY //

“EVERY Child, EVERY chance, EVERY day” are words Chandra Crawford strives to live by. With almost twenty years in public education, Chandra strives daily with her students and staff to build lifelong learners. She graduated with honors from Texas A&M University Commerce with a degree in interdisciplinary studies. Chandra has spent time as a classroom teacher, literacy support specialist, and after completing her Master’s in Education with a principal certification in 2015, currently enjoys her role as Academic Specialist at Lamar Primary.

After attending *Capturing Kid’s Hearts*, Chandra saw the positive impact these tools have on children and adults. Flip was invited to deliver the convocation speech at her district and Chandra jokingly told her superintendent that she wanted to work for Flip when she grew up. Following additional trainings including the *Process Champions*, this became an amazing reality. Chandra joined the Flippen Group in 2018 and has shared her story with hundreds of excited and eager leaders.

Chandra is married to her “Superman”, Steve. Together they have a son, Griffin and a daughter, Brittani. As a family, they enjoy being outdoors, family golf scrambles, and traveling from the baseball fields to football stadiums watching Griff play! ■
